Few Saloons Reopen to Sell Beverages of One-half of One Per Cent. Alcohol.

(By Associated Press.)
Washington, October 29.—Armed with drastic provisions of the prohibition enforcement act, which became effective as to war-time prohibition with passage by the Senate of the measure over the President's veto late yesterday, agents of the Bureau of Internal Revenue today took up the task of making absolute the ban on the manufacture and sale of liquor.

The few remaining saloons in the country were legally opened today for the sale only of beverages containing less than one-half of one percent of alcohol.

(By Associated Press.)
Cleveland, O., October 29.—Seven persons, six men and one woman, charged with being identified with radicals in another nation-wide plot of terrorism were being held by the police this afternoon and others were being sought in what is expected to be a nation-wide clean-up.

(By Associated Press.)
Cleveland, O., October 29.—Discovery of a radical plot to spread terror throughout the nation by another series of bomb explosions next spring was announced by the police here today, following the arrest late last night of five men and one woman suspected of having planned the destruction of the central police station.

Believing they are members of an anarchistic group that has been working in more than 100 cities, the police questioned the group last night in an effort to learn details of their plan or the extent of their organization.

The arrests were made in four simultaneous raids, following information that an attempt was to be made to bomb the central police station.

One of the men is believed by the police to have been active in bombing Mayor Davis' home June 2 last.

With the prisoners, the police captured a large quantity of high explosives, one completed bomb and several incomplete bombs, a number of automatic pistols and a supply of ammunition and much anarchistic literature.

The police declare the bombs were similar to those used in the bombing of the mayor's home. They believe the arrests will lead to apprehensions in other cities in connection with the recent country-wide bomb outrages.

PEACE TREATY
EFFECTIVE ON
ARMISTICE DAY

(By Associated Press.)
London, October 29.—The German peace treaty may come into effect on the anniversary of armistice day. It was announced in the House of Commons today by Under Secretary for Foreign Affairs Harnsworth that the government expected the treaty would be formally ratified November 11 and be in force the same day.

SENATOR MOSES
AMENDMENT
VOTED DOWN

(By Associated Press.)
Washington, October 29.—The Moses amendment to the peace treaty, last of those proposed by the foreign relations committee, was rejected today by the Senate 36 to 47. Like the Johnson amendment defeated on Monday it dealt with voting power in the league of nations.

A few minutes previously a substitute amendment was voted down under which the British dominions would have voted collectively and have one vote in the league.

Government Prepares to Take
Drastic Steps When Strike
Comes.

(By Associated Press.)
Indianapolis, October 29.—The strike order of the United Mine Workers, effective Friday at midnight, stands.

After two hours' discussion the conference here today of officials of the big union had no idea of modifying the call for a cessation of work.

President Wilson's pronouncement on the threatened industrial war had no defender, it was stated.

The grounds on which this decision was reached will be explained in a statement to the public late today. A committee to formulate this statement was appointed and given three hours in which to prepare it.

(By Associated Press.)
Washington, October 29.—The government is prepared to take drastic steps to deal with conditions arising in the coal fields if the executive board of the United Mine Workers permits the strike order to remain.

This was announced this afternoon after Federal Fuel Administrator Garfield discussed the situation with Secretary Tumulty.

Mr. Garfield left a memorandum on the situation for President Wilson and said he was hopeful a strike could be averted and it would not be necessary to revive the fuel administration board.

WILL RATION
CANDY PLANTS

(By Associated Press.)
Washington, October 29.—Rationing of sugar to manufacturers of candy, soft drinks and the like soon is to be suggested by the sugar equalization board of the House investigating committee was told today by former Federal Food Administrator Hoover.

This step, he said, resulted from the fact that raw sugar has risen beyond the point where it can be "bought advantageously for the housewife."

LABOR CHIEFS
CALL MEETING
SEE DANGERS

(By Associated Press.)
Washington, October 29.—Chiefs of the national and international unions affiliating with the American Federation of Labor were called to meet here December 13 to "formulate such action as may be essential to safeguard and promote the rights, interests and freedom of the wage earners."

The call issued by the Federation's executive council and the heads of the four railroad brotherhoods declared labor was confronted with grave dangers affecting the very foundation of its structure.

Congressional Probe Unearths Charges of Mismanagement At Camp Building.

Time-Keeper Accused of Planning Graft on Construction Of Medical Building.

(By Associated Press.)
Columbus, O., October 29.—Testimony teeming with charges of inefficiency, mismanagement, extravagance and even offers of graft marked the opening of the congressional investigation of the construction of Camp Sherman.

The witness giving the testimony was M. L. Stevenson, of Columbus, a building contractor who was employed as a construction foreman by A. Bently & Sons Company, general contractors of Toledo.

Stevenson's testimony was given chiefly in connection with construction of a two-story medical building in Section 8 on which he was foreman.

He declared that the building was not completed when he was discharged, because he would not enter into a proposition made for graft made by a timekeeper by the name of Johnson, the labor cost had reached approximately \$7,000 when it should not have exceeded \$800.

Fuel Administrator Still Has Full Power to Act.

Washington, October 29.—Federal Fuel Administrator Harry Garfield discussed the threatened strike of bituminous coal miners today with Secretary Tumulty at the White House.

Dr. Garfield, who still has authority to function as fuel administrator, said he was in close touch with the strike situation and expressed confidence that a settlement would be reached without a walkout of the miners.

He would not discuss his conference with Mr. Tumulty, but his visit to the White House revived suggestions that the Fuel Administration might again be called into existence to exercise the war-time control over fuel provided for in the Lever food control act.

SCORE OF MEN
ARE ENTOMBED
IN OHIO MINE

(By Associated Press.)

Amsterdam, O., October 29.—Twenty men are entombed in Mine No. 2 of the Y. & O. coal company and a fire was raging in the mine this afternoon, caused when an electric fan caught fire, according to company officials.

No explosion occurred and all efforts are being made to rescue the men.

(By Associated Press.)
Alliance, O., October 29.—Word reaching here shortly after noon today from Amsterdam, Ohio, 40 miles south of here, stated that 18 men were entombed in the Y. & O. coal mine there and in danger of being killed owing to a fire which was reported raging in the mine. Only meagre details were obtainable.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

Pepto-Mangan Makes Red Cheeks

Builds Up Tired Bodies — Helps Change Pale Complexions to Bloom of Health

The healthy, attractive woman—and man too—with a wholesome complexion is the envy of those who feel that for them such attractiveness is impossible.

And yet health and attractiveness are much a matter of good, red blood and unless a man or woman is afflicted with some deep-seated or serious ailment, vigorous health, and personal charm are within easy reach.

Pepto-Mangan is responsible for the present health and happiness of thousands who formerly were thin, pale, languid and easily exhausted. Pepto-Mangan helped place these folks in the full-blooded, energetic, vigorous class—and it probably can do the same for you.

Pepto-Mangan contains the elements that make rich, healthy blood. And as a result of the increased supply of red blood that Pepto-Mangan creates the entire system attains the vigor that belongs to every man and woman.

Pepto-Mangan is prepared in two forms, liquid and tablets. They are exactly alike in medicinal value.

Ask your druggists for "Gude's" when ordering Pepto-Mangan. Look for the name "Gude's" on the package.

It is a significant fact that when motorists have had one tank of Liberty Gasoline they become converts. They get the habit—their motors demand it—and business judgment dictates it. Its mile cost is so low they are satisfied with no other.

LIBERTY GASOLINE

Real Gas; the kind that prolongs the life of your motor. Oline (o-so-lean) that is the adjustment for your carburetor all the time.

When we established our business in Washington, we set out to give people the very best product to be had at a reasonable price, and we have not regretted that established policy—neither have we had reason to deviate from it. The people have not been slow to appreciate the superior quality of our products and the fairness of our dealings.

We claim, in Liberty Gasoline, to have a superior product—and anyone wishing to prove the truth of this claim must only make the comparison for themselves. You can't judge the merits of a product like gasoline by shopping about here and there, but you must make a thorough test of a few fillings—sometimes, and quite often, the first tank proves our claim.

When will you make us prove it. Our filling stations are at your service. One at the plant during the day; the other at the Tire and Rubber Shop during the day and also open evenings until 10:30. Make the test yourself—MAKE IT TOMORROW.

"Y" PARTY TO BE MASQUERADE

The big "Y" hallowe'en party on Friday evening is to be a masquerade, so if you want to get into the big show, you will have to regale yourself in some real hallowe'en clothes. For the guards at the door will separate you from the food and fun on the inside if you try to break through in "civies". Such was the information given out by the social committee this morning.

The committee is working night and day planning and preparing for the biggest and best event of the season and those in charge of the entertainment program are vying with the refreshment delegation in seeing who can put on the biggest performance. It is rumored that those in charge of the eats are possessors of enormous appetites and are planning according to their own ideas of what a real big "feed" ought to be.

There was some alarm expressed over the selection of the refreshment committee at first, it being generally believed that they might consume all of the food themselves before the guests got a chance at it. This fear has been set at naught, however, by the promise of the committee itself that the members would not eat over half the pumpkin pies before the party started. This will leave the guests at least 300 pies and these being supplemented with other varieties of food ought to be sufficient to satisfy them.

There will be all sorts of games and races during the evening with handsome prizes for the winners. The age limit for competitor has been set from 1 to 92 in order to admit all who are ambitious. The only exception to this ruling is that boys under a year and a half old will be barred from the pie eating contest.

The party promises to be such a lively affair that no one can afford to be away. The only requirement is that you masquerade.

The West Holland Woman's Home Missionary Society will give a market Saturday, November 1st, at the Delco Light Plant, commencing at one o'clock. Pies, bread, dressed chicken, etc., will be offered. 255 13

AUTOS WRECKED
WOMAN INJURED

About 9:30 Tuesday night a Buick machine owned by Homer Garringer and driven by Sam Nelson, of this city, and a Ford touring car driven by O. B. Patterson, of near New Holland, came together head-on near Johnson's Crossing, with the result that both cars were completely wrecked. Mrs. Patterson was very badly injured. Mr. Patterson sustained painful injuries, and a third passenger in the Ford machine was severely bruised. Nelson escaped with a few bruises and another boy with him suffered a cut near one eye.

Nelson claims that he was blinded by the lights of the other machine. The Ford was carried 50 feet by the impact of the crash.

Of the two automobiles the Buick was much the worst damaged, being ro completely wrecked that part of the gearing was scattered about the road.

Physicians from this city were summoned and Mr. and Mrs. Patterson were removed to their home. Mrs. Patterson, in addition to cuts and bruises about the face, was painfully injured about the lower limbs.

WHEN A CHILD HAS CROUP

Thousands of mothers says Foley's Honey and TarCompound is the best remedy they know for croup, coughs and colds. It cuts the thick, choking mucus, clears away the phlegm, open air passages and eases hoarseness. The gasping, strangling fight for breath gives way to quiet breathing and peaceful sleep. In this city the schools will be closed Friday afternoon so the pupils may hear the noted orator.

BUYS INTEREST
WILL ENLARGE

Edward Brannon has purchased of Herman E. Fry a half interest in the firm of Bellers and Fry Second Hand Store. Mr. Brannon will take possession November 10.

It is planned to enlarge the store so that it will occupy the entire Brannon block on Fayette St. and a full line of furniture will be carried in addition to the second hand department.

Mr. Fry will devote all his time to his duties at the H. G. Coffman manufacturing Company.

Hogs And Pork

The price of hogs has dropped almost fifty per cent and the price of pork over the counter to the consumer remains where it was when the price of hogs was almost double what it is today.

Of course there is always a reason—given—for these apparently unexplainable conflicts in market prices. The great meat dealers assert that they are stocked up on vast quantities of pork and beef purchased at high prices and that the present lower priced meats will not be coming out of storage to the market for some time yet.

"Mebbe so" but, though we realize that human memory is not absolutely infallible, we have no recollection now of experiencing any delay in raising the price of pork and beef when the price of hogs and cattle "on the hoof" began to go up.

It seems, if memory does not play us tricks, that retail prices kept pace with the market on hogs and cattle when those prices were going up—never behind in ratio of raise and sometimes a little in advance of the live stock market.

But, however, if Congress in its endeavor to bring living prices down has had its first success at the expense of the farmers, the patriotic course is to accept conditions and wait for other prices to come down.

It is natural for us in the agricultural sections to feel that the falling prices should begin at the other end. It is natural too for folks in other lines to feel that Congress should have begun just where it did, with the raw material, and the price of live stock and produce.

Let us support Congress, bad as it hurts, and wait patiently for developments along other lines.

The farming communities are the most patient, the most patriotic and perhaps Congress counted on the wholesome temper of the rural population.

We Must Vote

There is an expectation in the larger municipalities of the state that next Tuesday—election day—following precedent, the vote in the rural sections will be light and that the vote in the cities will be heavy and will determine the many important questions which are submitted to the people at this election.

This should not be. There should be no "off year" elections in the rural districts. It is just as essential for the farmers to be on the job at election time as it is for the residents of the cities.

In the past a number of proposals not in favor with the great agricultural community of the state, have been submitted at these "off year" elections and carried through to adoption by the city vote.

The politicians of the large municipalities have learned that the time to put through measures particularly beneficial to them, is at these "off year" elections; that the farmers will not go to the trouble of voting in their own interest unless there is the full complement of county and state officials to vote for.

Residents of rural communities who neglect to vote are, in effect, voting against their own interests. If it was excusable to remain away from any election it had better be done when the politicians are expecting a large rural vote.

Change In Front

The positive declaration of President Wilson in his announcement to coal miners has had its effect.

The radical leaders of the miners' organizations, who are threatening, without the consent of the miners themselves, to paralyze the nation's industrial life by a tie-up of the fuel supply, are less autocratic in their demands. These leaders are not so senseless as to fail to observe in the President's announcement, a crystallization of public sentiment against the threatened action. They cannot fail to see that the executive and legislative branches of the government have supporting them a public opinion which will be fatal to any such an attempt to strike at the rights of the people.

There is no success for any movement in America unless public opinion supports it and the statements of intention, by government officials, in the event the strike occurs, is a clear reflection of public demand.

Those public servants who are now speaking out are but expressing America's wishes and America's intention against red radicalism.

These menaces though, monstrous as they appear when first suggested, have a way of shrinking up as the time for final action approaches, especially when public sentiment clearly hostile is aroused to the point of action.

POETRY FOR TODAY

A LETTER IN AUTUMN.

I wish that I could show you how
the moors look in October.
With flaming bands of sumac and
a crown of golden rod.

The dune-grass bends to Autumn and
the purple asters robe her.

The gray sage spreads a silver
path across the sunburst sod.
If we could start at dawning I would
guide your feet to places

Where reeds have tried to hide the
marsh pond's mirror from the
sky,

And slender blue sabbatia finds a re-
fuge from embraces
Of the vagrant, rough salt ocean
wind that nightly blusters by.

And you could pick marsh-rosemary,
the heather's cousin shrub.
And wreath its clustered rosiness
with dark green, fragrant bay.

Or search out sunny blossoms under
sheltering cedar scrub.
That look like yellow primroses
the springtime left to stray.

And just before the daylight grew
Through gray and rose and gold
to blue.

We'd come upon a glistening hill.
And stand quite close and very
still—

For not one sound of all mankind
would mar our worship there.
And all the brown horizon hills
would have the sea for rim.

Till we would utter wordlessly the
things we longed to share.
And far away the thundering hymn
would make our morning hymn

How You Can Save on Cream

INSTEAD of that expensive little
bottle of cream you buy when
you want "extra good" cereal or
coffee, use Every Day Milk.

It looks like cream and is very
much like cream.

No wonder! For out of over a
quart of rich milk most of the
water has been taken, leaving all
the rich goodness, all the nourish-
ment, and this is put in a bright,
new tin and sterilized—safe—
clean—pure—delicious.

Now all this double richness
you can buy for about what a
bottle of milk costs—and for
about half what a tiny bottle of
cream costs!

Be independent of the ice man
and the milk man. Every day use
Every Day—the safe and pure milk.

The interest of Washington's Artists and music lovers is awakened to an unusual degree through the approaching piano recitals of MacDowell music by Mrs. Edward Mac Dowell, widow

of the famous American composer. Mrs. MacDowell comes under the auspices of the Cecilians, although her lecture-recital is not included in the special artist recitals of the year's program.

The name of Mrs. Edward MacDowell has become widely known in connection with the development of the MacDowell Memorial Association, as well as her own artistic achievements.

Marian Nevins-MacDowell evinced rare musical gifts as a very young child and had an excellent foundation of study when she went abroad and came under the instruction of young Edward MacDowell. Mr. MacDowell was then studying composition, and a close relationship of apt pupil and earnest teacher during a period of four years developed into their marriage upon Mr. MacDowell's return to this country.

Though amply prepared for a brilliant concert career, Mrs. MacDowell decided much against her husband's wishes to subordinate her own plans in order to give an undivided attention to Mr. MacDowell, arguing that the fostering of a great creative gift was an infinitely higher mission for her than interpreting the works of others.

Today Mrs. MacDowell stands unique and alone in the musical world as the greatest exponent of the MacDowell works.

Her niche in the musical life of American World is important and justly so since the proceeds of these recitals revert to furthering the work of the MacDowell Memorial Association, which promotes all creative talent.

Mrs. MacDowell knows better how her great husband wanted his music to be interpreted than any one else and her interpretations are pronounced marvels of tone pictures.

The lecture-recital will be given at Grace M. E. Church next Monday night.

The Browning Club enjoyed a session of unusual interest Tuesday night with the Art Department, Miss Edith Gardner, chairman, in charge.

Mrs. V. J. Dahl, President, followed the formal opening with an exceedingly fine report of the Ohio Federation of Woman's Clubs in Cleveland, a comprehensive report that threw the high lights upon the predominating

features of the Silver Anniversary convention.

Mrs. Dahl touched especially upon the Suffrage luncheon and the closing banquet, which has been attended by either the Federation President or her representative for the past twenty-five years.

Miss Edith Gardner spoke upon the Art work as taken up by the Federation. At a special Art Council, Mr. Pennell, of New York, made the chief talk, protesting against those things which are blots upon art and speaking especially against the use of bill board's when they interfere with beauty.

After an intermission the program was presented.

Mrs. Mae Pearson Gage presented a most delightful paper on the Famous Churches of Paris, naming the Madeleine, Notre Dame, the Saint Chapelle and the Pan thenon, given with much freshness in view-point.

Miss Edith Gardner discussed "Famous Palaces and Chateaux of France," confining herself to the famous one of the Loire Valley, those of Gothic and Renaissance periods. Having personally visited these Cathedrals, Miss Gardner was very vivid and entertaining in her description.

Adding immensely to the interest of these two papers were stereopticon slides especially secured from New York and bringing the buildings discussed, both in exterior and interior views directly before the vision.

The club women were indebted to Mr. Glenn Boots, Y. M. C. A. Boys' Secretary, for expert manipulation of the stereopticon.

Mrs. Getty, of Meiersville, Md. was an out of town guest.

It was announced that Rev. Wm. Boynton Gage would give a talk on "Home Life and Customs of French People at the next meeting Tuesday night, November the fourth.

The Hallowe'en event of the week will be the dance to be given Friday night by the Pythian Sisters and the Washington Orchestra at the K. of P. Hall.

The Hallowe'en features will add novelty and Orchestra is preparing for an exceptionally fine program of the newest dance music.

If the evening is promising there will be a large number of motoring

parties from adjoining towns in attendance.

A good many brides and bridegrooms have been given "bellings," but not many have been complimented with two in one evening, as fell to the lot of Mr. and Mrs. Clarence Shelley (nee Verne Elliott) at their home in Bloomingburg Tuesday night.

The first one was the penalty that the bride-groom paid for being a popular member of the Knights of Pythias of the Burg. Immediately after the adjournment of a lodge meeting the Knights turned out en masse and proved the strength of their good right arms in as loud and long a belling as ever any young couple were given.

By the time they were invited in and given cigars and candy as a reward of merit, sounds of a second belling was heard and this second one certainly "knocked the persimmons." Fully a hundred people were gathered around the house—Washington people Bloomingburg and from all the country around and every kind of bell was used in producing a jargon of hideous sound that kept all the village awake.

It was only quieted when Mr. and Mrs. Shelley came out and invited the entire crowd into the house for a jolly housewarming.

Mr. Robert Lanum, who has been located in Barborton since his discharge from the army is now in Cleveland, having accepted a position in that city.

Mrs. S. M. Oliver, Mrs. Frank Cox and Mrs. Chas. Rannels attended the District School of the Degree of Pocahontas held at Lancaster, Tuesday night. Mrs. Morris was sent as representative from the Washington Council; Mrs. Rannels filled the Winona Chair, Mrs. Oliver, chairman of the Auditing Committee.

Mr. Chas. Phillips, Mr. and Mrs. Cary Phillips went to Utica Wednesday to attend the funeral of Mrs. Chas. Phillips' mother, Mrs. Mayer.

Mrs. Ada McRay, who has been spending a few days with Miss Marie Hegler, leaves for her home in Delaware, Wednesday.

Mrs. George Hitchcock, Mrs. P. E. Wolford, daughter, Miss Wanda, Mrs. George Green and Mrs. L. E. Miller attended the Dayton convocation of the Woman's Auxiliary of the Episcopal Church in Springfield Tuesday. The meeting was held in the church of the Heavenly Rest.

Mr. and Mrs. Joseph H. Harper went to Cincinnati, Wednesday evening to attend the funeral of Mrs. Mary E. Leininger, mother of Mrs. James Silcott.

Mrs. James Gibney, of Perry, Iowa, spent Wednesday the guests of her cousin, Mrs. Regina U. Staubs.

Mr. and Mrs. H. Renick Bogges left Tuesday afternoon for a stay of several days in Chicago.

Mr. J. M. Rowe, of Dayton, who underwent an operation at the Fayette Hospital ten days ago and has since been at the home of his mother, Mrs. Sarah A. Rowe, on West Temple street is making excellent recovery.

Rev. P. J. Henness, of Ravenna, O., former pastor at the McNair Memorial Church, this city, was a visitor in this city on Tuesday and Wednesday to attend the I. O. O. F. on Tuesday night. Mr. Henness was greeted by many friends and acquaintances.

C. R. Householder has accepted a position with the Taylor Shoe Store, on West Court street.

Washington C. H., friends of Dr. Winchell McK. Craig, and they are many, will learn with much interest that Dr. Craig has been made assistant resident Surgeon of the St. Agnes Hospital, of Baltimore, Md., one of the best known hospitals of the country.

Dr. C. C. Hazard left Tuesday evening for Toledo to attend the Osteopathic Convention in session there until Friday. Mrs. Hazard accompanied him.

Miss Carrie Hershey, Probation Officer, of Springfield, is visiting her sister-in-law Mrs. W. B. Hershey.

Messrs. Jack DeWitt and Lawrence Fletcher made a business trip to Dayton Wednesday.

Mrs. Wm. F. Jefferson, of Bloomingburg was the guest of Mrs. Regina U. Staubs, Wednesday.

SERGEANT RESUMES FORMER POSITION

Burnett W. Hyer, former sergeant of M Company, 166th Infantry, and who received his discharge from serv-

ice a few days ago after several months spent in the hospital for treatment for wounds received in action, has resumed his former position as representative of the Prudential Life Insurance Company in this territory.

Mr. Hyer succeeds D. L. Arledge, who has covered the territory during the past eight months. Mr. Arledge goes to Wellston as assistant State Superintendent of the company.

PURCHASE HOME IN COLUMBUS

Elihu Doddington, president of the Doddington Company, lumber dealers, has sold his home at Bexley Park Road and Dawson Avenue, to Mrs. Daisy C. Thompson of Washington C. H.

The reported consideration was \$17,000. Mr. Doddington has not determined whether he will build a new home or not, he said.—Ohio State Journal.

ASKS DIVORCE IN PROBATE COURT

In Probate Court James Thornton has filed petition for divorce from Sylvia C. Thornton. The plaintiff charges gross neglect of duty.

The couple was married June 16th, 1915, in Xenia.

Hidy & Sanderson represent the plaintiff.

ANNOUNCING
The First Showing of
WINTER FASHIONS
in Millinery,
Thursday, Friday, Saturday
of this week.

This is a season of brilliant millinery, not so much in colors—although color brilliancy is a conspicuous note in the styles—but brilliant in the diversity, the conception, the originality and the richness of the modes.

Students of famed historical paintings will note the influence of the Louis period; motifs that unmistakably indicate toreador inspirations as well as suggestions of the Arab turban.

On all sides in the millinery section are hats which New York has copied and adapted from Paris importations.

Hats large and small, in brims, curves, corners, and soft folds of seemingly unending variety.

At our usual long range of prices.

You are cordially invited to attend this opening.

CRAIG BROS.

Three Days Left

On November 1st the famous EUREKA Vacuum Sweeper advances in price to \$45.00. Therefore until that date you have an opportunity to purchase one of these high class cleaners at the old price. Scores of satisfied Eureka users in this county will testify that the new price is not exhorbitant for this wonderful little labor saver.

This is a real bargain—for the next three days.

\$37.50

Electric Sweeper-Vac

Made by the firm which gained a reputation through their "Sweeper-Vac," the pioneer of hand power vacuum sweepers. This cleaner embodies the electric driven rotary brush in the suction mouth with a powerful suction of air which no dirt in a carpet can withstand.

\$49.40

WOMEN CONVENE FOR DISTRICT MEETING OF MARKED INTEREST

The District meeting of the Woman's Missionary Societies of the Presbyterian churches of Wilmington, Bloomingburg and this city, both the First Presbyterian and the McNair Memorial, which convened in the First church all day Wednesday, was a gratifying success in the inspiration of its sessions and the interest shown by the societies of this Presbyterian district.

The presence of Mrs. Herbert Ure, of Columbus, Presbyterian speaker, was felt as a dominant force in the meeting and the conference under her direction cannot but bear fruit in increased zeal for the great cause of missions.

The morning session, in charge of Mrs. Bella L. Ustick, Presbyterian first vice president, and Mrs. Austin F. Hopkins, second vice president, was called at ten o'clock.

Mrs. Kearns Preston, of Bloomingburg, led the devotionals after which Rev. P. J. Hennessy, of Revenna, former pastor of the McNair church, gave greetings and brief remarks.

Mrs. Harriett Woodward gave the introduction to a full report made by the different missionary organizations, and their auxiliaries, including the young people's work. The reports were all excellent and received with approval.

Rev. Gage closed the session with prayer.

The noon hour was given over to sociability while the women of the local societies served a delicious hot luncheon in the basement dining room.

Tables were laid to form a hollow square and cosmos, chrysanthemums and zinnias in effective arrangement made them very inviting.

Sixty women were served with admirable promptness and the luncheon was a greatly enjoyed interlude in the busy day.

The luncheon arrangements were under the supervision of the entertaining committee: Mrs. Josephine Kerr, chairman; Mesdames Leland, Wilkins and Persinger.

Afternoon Session.

The attendance at the afternoon session was augmented by a number not in earlier and the meeting a most interesting one.

Mrs. Crist, of Wilmington, led the devotionals.

The afternoon was largely turned

over to Mrs. Ure, who delivered a splendid talk, stirring women to greater activity in both Home and Foreign missionary work.

Mrs. Ure discussed the Young People's Study Class work, the New Era and Jubilee movements and also definite service work along Red Cross lines.

Since the slackening down of war activities there is a nation-wide movement to swing young women and young men into service, the conditions of the past few years bringing realization of how closely the nations of the earth are bound together and the great need to the work to be done both Christianizing and humanitarian.

Mrs. B. F. Davis and Miss Maxine Kibler added to the pleasure of the afternoon in beautiful organ and vocal solos.

Last year the "flu" epidemic prevented the holding of this District Convention and the subjects to be taken up had accumulated.

Delegates from Wilmington were: Mrs. Crist, Mrs. I. N. Lair, Mrs. E. E. Briggs, Mrs. P. S. Ervin From Bloomingburg, Mrs. Kearns Preston, Mrs. W. Q. Kinkead, Mrs. W. W. Haines, Mrs. Maude Howland, Miss Esther Boggs. Mrs. A. R. Getty, of Meiersville, Md., was also present.

DEPUTY SHERIFF IS GIVEN REWARD

Deputy Sheriff A. C. Nelson has received a check from the Fayette County Automobile Association as reward offered for the conviction of the man guilty of throwing a stone through the top of W. H. Brown's car in Good Hope, recently.

Deputy Sheriff Nelson obtained conviction at the time, and later Walker admitted throwing the stone, and was heavily fined.

IS RECOVERING

William H. Fogle, recently located after a period of three weeks during which his mental faculties had been seriously affected as result of injuries about the head, is recovering at the home of his father, W. S. Fogle, of this city.

CAMBRIDGE—Miss Lena Fowler, teacher in the public schools, flew over the city in an airplane distributing literature asking voters to support the bond issue for a school in the Glass Plant Addition.

NEW PHILADELPHIA—Mrs. Mary Daniels, aged 78, is dead at her home from a complication of ills.

COUNTY HEALTH BOARD'S ACTION

Some members of the county board of health met Tuesday at Dr. Brown's office for a general survey of duties and conditions imposed on them by the state law. A tentative organization was formed by the selection of Dr. Roy Brown, president; E. L. Bush, secretary, and Ed Gehardt, vice-chairman.

The board met with Dr. Frank of Columbus, the District Superintendent.

Although the men were in session during the entire afternoon no conclusion was reached regarding the budget for the Health Commission. It was stated that the members wanted the advice and co-operation of the Advisory Board before taking final action. The Advisory Board is composed of the mayors of the municipalities of the county and the presidents of the Board of Trustees of the county.

The requirement of the commission for nurses and clerks was not touched except generally. Members of the board believed that these factors may be judged with greater success after a closer study of the question. Another meeting will be called within a short time.

The requirements of the state law are mandatory and those requirements seem to fix the minimum of the budget. There is, of course, some discretion allowed local authorities as to maximum of expense incurred but so far as the organization itself is concerned and certain fixed service, salaries and so forth the local authorities have nothing to do save obey the state law and proceed with the organization as outlined in the act of the legislature.

ODD FELLOWS HOME-COMING JOLLY AFFAIR

Odd Fellows and Members of Families Mingle in First Home Coming.

Grand Master H. D. Chaffin And Others Speak—An Elaborate Banquet Served.

Upon a call which had been issued by the Grand Master of the I. O. O. F. lodges of the state, more than four hundred persons, composed of the Odd Fellows and their families, held the First Annual Homecoming at Temple Lodge in this city Tuesday evening, an elaborate banquet, served by Rebekahs, was the center of the festivities, followed by speaking and a social hour.

At five-thirty Tuesday evening the guests started gathering at the Temple and in a remarkably short time every person had been fed. A new precedent was made in the annals of the lodge by the serving of the supper

cafeteria style. Not only were the women, members of the Rebekahs, commended because of the fast serving but also for the deliciousness of the chicken pie which formed the main part of the repast.

After the banquet a gathering was held in the lodge rooms where three speakers talked briefly. Rev. Wm. Boynton Gage, Rev. P. J. Heiness, formerly of this city but who is now making his home at Ravenna, and Grand Master of the State H. D. Chaffin were the orators of the evening.

Grand Master Chaffin spoke especially of the Home at Springfield and of the work being done by all the lodges of the state in regard to caring for the orphans of members of the order.

The evening was marked by the social hour enjoyed which was one of the most eventful held in several years. Invitations had been sent to every Odd Fellow in the community and nearly all were present with their immediate family.

During the supper hour and the evening music was furnished by Messrs. Whippley and Miller, with Miss Mary Edge assisting at the piano throughout the program.

A. M. E. MINISTER RETURNED HERE

Rev. Chas. S. Spivey has been returned to the A. M. E. Church. The work interrupted by his going away will be resumed immediately. All members and friends are urged to be present at the regular Sunday services.

The Board of Trustees will please meet Thursday, Oct. 30, at 7:30 p. m. at the parsonage.

MAN IS FINED GIVEN FREEDOM

Nick Wendle, charged with eloping with the wife of one Tom Carter, Fair follower, was arraigned before Mayor Dahl, Wednesday morning, and upon his plea of guilty to the charge was fined \$25 and the costs about 45 in all. Wendle had \$20 and the remainder was paid by Geo. Spencer, for whom Wendle works in Greene county, after which he was given his freedom.

ELLIS FARM SELLS

The Harmanus Ellis farm of 100 acres, located on the Salina and Greenfield pike, has been purchased by J. L. Carlisle, who takes possession in the near future. Mr. Ellis and family will move to this city within a short time.

FINGERS MASHED

Leroy Lemons, an employee of the Dahl-Campbell Branch of the Midland Grocery Company in this city, had three fingers badly mashed early Wednesday morning when his hand was caught in the springs of an auto truck. The index, middle, and third fingers of the right hand were injured.

ENTERS TRAINING

Miss Dorothy Counts of Springfield has entered training at the Fayette Hospital under Superintendent Miss Hazel Franklin. Miss Counts has had extensive experience in nursing and will make rapid progress in the course.

"Y" TO HAVE A REAL NIGHT SCHOOL SHORTLY

To the people of Washington Court House and Fayette County.

We are in a position to present to you a well balanced program for our Night School. The Committee, composed of Prof. Wm. McClain, Professor O. K. Probasco, David Ferneau and Herman Frey has gone into every detail of the situation with utmost care. We have chosen subjects for which there is an actual demand in Washington C. H., and now offer to those who desire to improve themselves, one of the finest of opportunities at a purely nominal cost. Stenography and Typewriting will be considered as one course. The Gregg System will be taught and the Remington Typewriter used. The instructors are Miss Edith Rayburn, Stenography, Miss Marie Melvin, Typewriting, Business English, Miss Amy Conn, Instructor, The Davis and Lingham text, the same used in the High School will be used. Book-keeping Mr. Lang Johnson instructor, using the latest and most practical course extant. The above subjects constitute the regular Educational Course at the "Y". We have put the cost down to the last possible notch that will make it possible for anyone who needs this instruction to secure it and at the same time to guarantee safety to the Y. M. C. A. Stenography and Typewriting will be considered as one course, costing the student \$22.00 cash down and \$24.00 if paid in installments. Each of the other courses, Business English and Book-keeping will cost the same, viz., \$16.00 cash down, \$18.00 on installments. All the above classes will start next Monday evening, November third, (3d) at 7:15 p. m. The classes will be held every Monday and Thursday nights from 7:15 to 9:30. Here is a fine opportunity for scores of progressive young people to make themselves worth more to themselves and to the world. A correspondence course is a good thing but there is no comparison between the correspondence course and the course where with others and a fine instructor you sit in the class room and get it first hand. Actually hundreds of coming people in Washington C. H. ought to avail themselves of this wonderful opportunity to study under such wonderfully competent instructors as we have been enabled to secure. 2 very special features follow French, the most popular language in the world, next to our own will be taught by Prof. Henri Taillart, instructor in the Department of Romance Languages in the Ohio State University. This class will be held every Friday night, beginning, November 14th. In fact there will be two classes, one for beginners and the other for advanced students. The first class will meet at 7 p. m. and the advanced at 8:15. The course will cover 20 lessons and the cost will be \$12.00 cash down, \$14.00 if paid on installments and \$15.00 for those who want to take both classes. The other special feature will be an Automobile School. The object of this school is to instruct car owners and prospective car owners in the proper care of their machines. Those who take this course under the four experienced auto men who are to teach will be able to add years to the lives of their cars, and drive with more comfort and assurance. The instructors and subjects are, W. L. Lewis and Harry Craig, General Auto Instruction, Glen Roseboom, Batteries and Ignition, and Frank Blessing, Tires. The course will run for 16 nights. Monday is night chosen at present. Classes will run from 7:15 to 9:30 p. m. The cost will be only \$10.00 for the entire course. It is of course understood that all of the above classes are for women as well as men. We are here to serve to the limit of our ability all who need the benefit of these attractive courses. November 4th is less than a week off. You have been thinking about this; decide now and either call on, write, or telephone to Forrest L. Fraser, General Secretary of the local "Y". But do it now. Do not delay. To any student who after enrollment, secures another student, \$1 will be deducted from the cost of tuition. Any questions will be gladly answered by the Y. M. C. A. office.

POULTRY PAYS

Consider the case of Petaluma.

Petaluma, a city of 6,000 is the richest city per capita in the world.

It has five busy banks with total resources of \$10,185,739.24.

Poultry alone made Petaluma.

4,000,000 Petaluma hens lay 450,000,000 eggs a year.

Poultry Pays and can be as successfully raised in Fayette County as in Petaluma.

Get into the poultry game. Plan a big crop and see it through.

Columbus Gasoline

You're way out of luck if you don't use *Columbus* these days. It's really good gasoline because it's good real gasoline—par efficiency fuel that makes all automobiles—old and new—run according to Hoyle.

"Starting and acceleration made easy with the first tankful."

That's the *Columbus* cold weather promise. And *Columbus* will make good with you, just as it has made good with thousands of other Ohio motorists.

If the engine chokes and your car acts badly, load up with *Columbus* at one of the dealers listed below.

That's the one sure way to put pep and ambition in sluggish motors.
